

SERVICE HOUR VLOG

A vlog is a video log. It is a journalistic documentation of a person's life, thoughts, opinion, and interests.

Beginning with the 2019-2020 school year, students will create a vlog documenting the service provided rather than complete a form.

Student videos **MUST** include the following:

1. 3-5 minutes of video documentation of student performing the service.
2. 1-2 minutes of video documentation of the student completing an interview of the service recipient to provide the following information:
 - a. The service recipient's name.
 - b. An explanation of the service provided.
 - c. An explanation of how the service was beneficial to the recipient.
3. The video must begin with an introduction of yourself, the number of hours performed in the service, the area of service (church, school, community), and a description of the service you will perform along with the name of the recipient. This should be no longer than 1 minute.
4. You must include clips of the service provided in the body of your video that includes aspects of before, during, and at the end of the service. This should be 3-5 minutes long
5. The video must incorporate graphics (such as the title and citations) and/or background music. It must be clear and well-organized lasting 7-8 minutes.
6. If you complete more than one service project to accumulate your hours, your video must contain all components for each service provided (#1-5 above) and last no longer than 10 minutes.
