COMMUNITY SUPPORT

Parents, we would like to extend a BIG thank you for your support as we begin the 2020-2021 school year. From the pandemic to the hurricane days, faculty, staff, and students have entered school with a positive attitude.

The faculty and staff are extremely happy to have students back on campus. The screenings are continuing to go smoothly with students. Please continue to support our safety measures by screening your child(ren) at home and reminding them to wear a mask.

Continue to review handbook policies regarding dress code, cell phone policy, and other pertinent information found in the handbook. Working together, we create a positive environment for our students.

CLASSROOM HAPPENINGS

The school is no longer using SHOWBIE as the digital communication platform for classwork and assignments. We are now using GOOGLE CLASSROOM. Teachers have been working to acclimate the students to this platform. Take some time to sit with your child and ask them to show you the new platform. This communication will allow you, the parent, to see the platform and reinforce the student's usage of the platform.

All grades will remain visible through PORTALS.

To assist activities in the classroom, students should always report to school with a charged iPad, a binder with paper, pencils/pens, their Bible, and an agenda/calendar.

UPCOMING EVENTS:

Back to School Night will be virtual. More information will be forthcoming from the office.

Be on the lookout for FB posts regarding our Virtue = Strength Program. Talk to your child about the weekly virtues.
